Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Spring Valley's Pedestrian Mobility Enhancement Project in fiscal year 2027. The entity to receive funding for this project is the Village of Spring Valley, located at 200 N Main St, Spring Valley, NY, 10977. The funding would be used to construct necessary upgrades of sidewalks in the Village of Spring Valley, which has fallen into dangerous disrepair.

The project is an appropriate use of taxpayer funds because it will unlock critical improvements to main thoroughfares for the village. In critical areas of the village sidewalks have fallen into disrepair. The lack of sidewalks creates hazardous conditions for people walking on the street to get to economic areas. This project will improve access to local destinations, fostering a safer and more walkable environment around the Memorial Park area while supporting economic growth by making it easier for residents and visitors to reach nearby businesses, community amenities, and recreational assets.

The project has a Federal nexus because the funding provided is for purpose authorized by 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Michael Lawler". The signature is fluid and cursive, with the first name "Michael" and last name "Lawler" clearly legible.
